Talent Acquisition

September 14, 2023

To the talent acquisition team,

Thank you for receiving my application for Junior Software developer position at Technicolor Creative Studios. It would be a great opportunity for me to be part of your team and I will be for sure an excellent fit for it.

Throughout my academic and personal projects, I have honed my programming skills, demonstrating proficiency in Python, C++, C#, and much more as well as a deep understanding of software development principles. My experience in Unity development has allowed me to work on interactive and engaging applications, further refining my problem-solving abilities and creative thinking.

I am great at working in teams or by myself, always listening and taking my time to learn from others while expressing my ideas to benefit everyone.

Thank you again, for your time and consideration.

Respectfully,

Oliver Provost
